Rapport d'activités de lutte contre le COVID-19 à Dianta

> Présente par: Mayone Epse Ambata Pascaline Résidente Essoungue - Dienla

Introduction .

Au cours de la periode allant du 14 au 19/04/22 le femmes de l'Association Essennque pour l'Entraide et l'Epanemissement de famille de Dioula ont méné plusieurs activité pour prévenir et lutter contre la maladie à Coronavirus (CoviD-19). Ce activité comprenaient : la sensibilisation et le partage de brien envoyés par Esonge-USA. Le présent document donne le film de activité et va s'articuler autour de point mivants :

- la preparation
- le dérentement et & résultats abtenus.
- les difficulté rencontrées et la legore tirée
- les perspectives d'avener
- la conclusion

N Preparation:

lette phase à commence par le vorgage nur Mambele par communiquer. S'en est nuivi la validation du micro projet par Esonge -USA. Ensuite au cours de la reinnion hebdo madaire d'Essonague - Droula, de informations, de documents et images out de partages pour une impregnation nur le projer et le covid-13. Tout du cours de la même rencontre du 12/04/2020, les date du vielage Monster Ndong Moise informé au soir.

Report of Activities in the Struggle against COVID-19 in Dioula

Presented by: Mayone, Spouse of Ambata, Pascaline President of Essoungue-Dioula

Introduction:

Over the course of the period from 14 until 19 April 2020, the women of the Association Essoungue for Mutual Aid for the Development of the Families of Dioula have undertaken multiple activities to anticipate and guard against the sickness of coronavirus COVID-19. These activities included information-sharing and the distribution of donated materials provided by Esonge-USA. This document will provide a record of these activities, according to the following points:

- Preparation
- Process and results
- Difficulties encountered and lessons learned
- Perspectives on the future
- Conclusion

A. Participation:

This phase began with the trip to Mambélé to communicate. This was followed by the validation of the microproject (of COVID-19 preparation) by Esonge-USA. After this, following the bi-weekly meeting of Essoungue-Dioula, we shared information, documents, and photos about COVID-19 to begin our project. All of these were sent by Esonge-USA, represented by Stephanie. Over the course of the same meeting, 12 April 2020, the dates of the launch of the project, and its activities, were established. The chief of Dioula, Ndong Moïse, was informed the same evening of the plan.

B/ Derculement de activité et résultate obtenus:

La mise en œuvre du micro projet par le réjour de (03) jeurs à Molanndon pour le retrait de fondo Express Union (EU). Puis de courses diverses afin d querir : savons, mas pues, siz, cube mage; sel de cub et huile de table. Et la location de la voiture po le transport de biens jusqu'à Dienla. Avait le retour hésidente a rencontré Monsieur Tempa Jean, Sons-Rie de l'Arrondissement pour information sur le micro-proj Il faut rappeler que le modèle de masque a été envoy me Whatsapp. Et date du 16 jouj2020, le lendemain du reteur de te

En date du 16 joup2020, le lendemain du reteur de ti landen, au domicile de la Présidente Mine Marjone cinq (05) femmes se sont retrenvée pour élaborer le stratégie de sensibilisation et de partage de bien lalant de la sensibilisation, il faudra passer de menage en menage. Et le contenu du message clat qu'he fait taijours se lever le main avec du server eternier ou bien tenser avec du menchoir ou le pli du courde, porter taijours un masque dans le lieur publie, einter de contacts avec de individuo; se tencher à que de nez avec de individuo; se stencher le giur et le contacts avec de main n'out le pli tencher le geur de nez avec de main n'out leve. s'agissant du partage de biens trois categories out - 137 menages

- 11 personnes de troisvens âge
- 03 handicapes moterns

Der jours plus tard, donc le 18/04/2020, une équipe composée de 28x personnes s'est deployée no le terrain Une fois anibé dans un ménoge, un membre salue

B. Launch of Activities and Results Achieved:

The opening of this microproject began with a journey of three days in Moloundou to secure the withdrawal of funds from Express Union. Then we undertook diverse errands, such as the purchase of soap, hygienic masks, sacks of rice, bullion cubes, salt, and cooking oil. We also had to secure a vehicle to transport these resources from Moloundou back to Dioula. Before our return, the President of Essoungue met with M. TEMGA Jean, the Officer of the Sub-District of Moloundou, to inform him of the microproject that we were carrying out. Also, we must not forget that the sewing pattern for the hygienic masks was sent to Essoungue by Esonge-USA via WhatsApp.

On the date of 16 April 2020, the day after our return from Moloundou, at the house of the President of Essoungue, Madame Mayone, five women came together to plan out the strategies for communicating and informing the population, deciding that it would be necessary to go through the village, household by household. And the contents of the message that the women of Essoungue would deliver: wash your hands with soap and clean water; cough and sneeze into the bend of your elbow; always wear a hygienic mask in public places; try to avoid physical contact with others, staying at least one meter away; avoid touching your nose and mouth and eyes, as long as your hands are not washed. Also, the village would try to Distribute goods (soap, masks) to three categories of people: each household; elderly; and handicapped people, including:

- 137 households
- 11 people over 65 years old
- 3 people who are handicapped

Two days later, so the 18 April 2020, a team comprised of six people deployed throughout the village. As soon as the team arrived in a household, one member of the team greeted ...

et un autre commence aussitét à parler du COVID-1 de mesures pour la prévention. Après la phase de questions réponse s'il y en a . Enfin la détribu-tion de masques, ravous, rel, n'y thuile et cube. Clat au hangar du chef de la communante Baka Monsieur Sengoua Etienne qu'il y a en unare groupement de 30 (trente) personnes (voire photo). Les resultats novants out de obtenus: - Schatz effectus: 250 marques, 900 cubes de ravour de 4000, 1100 enbes maggi, 200 kg de riz, 30 kg de - Menager touches et ayant reçu de dous : 137 - Personnes de 3enses : 11 - Handicapes moteurs: 03 - Rudgues femme devoués membres de la communauté et d'Essennique aut reque symbol prement de briense c/Difficultés rencontrées et le gous tirrées La première difficulté à été le séjeur de Moloundou. Prévu pour douze heures (12) il dest prolongé à trois (03) Jews (72 heives). Lela die an fast que le réseau internet dans la ville n'est pas bou. La recorde dif-ficulté est liée à la prévision. Dans le micro projet, il stait estime cent-vingt (120) menages. Er en faisant un decompte sur le terrain l'on s'est retrenvé à 137 ménages. Avec les surplus l'on a pu gerer en aller au - délà de prévisions en incluant d'autre catégories de personnés : M'any et hand capés Parlant de legons tinés, nous divors que desormais avec "world Romit" l'on peut avoir le sous sur place

... and another began to speak about COVID-19 and preventative measures that everyone should be taking. After this introduction, the team stayed to answer any questions, if the family had any. At the end of the visit, the team distributed masks, soap, salt, rice, and bullion cubes. It was in the verandah of the Baka chief, M. Sengoua Etienne that the women of Essoungue held a larger meeting with about thirty people (see the photo).

The following results were obtained:

- Purchases made: 250 masks; 900 blocks of soap (1/2 kg. each block); 1,100 bullion cubes; 200 kg. rice; 90 kg. kitchen salt;
- Households that received these resources: 137
- Elderly people, 65 years old and older: 11
- Handicapped people: 3
- Several women who became members of Essoungue, as a result of this process, also received a symbolic gift.

C. Difficulties Encountered and Lessons Learned

The first difficulty was the trip to Moloundou. Although we had anticipated a trip of 12 hours, this trip was extended to three days, or 72 hours. This delay was a result of the fact that the internet connection in the town (Moloundou) is not good. The second difficulty is connected to the forecasting. In the microproject, we estimated that we had 120 households. But when we counted the households in the village itself, we found that there are 137 households. We could no longer manage to hold onto a surplus of masks and provisions, and also supply the elderly and handicapped with resources. When we talk of lessons learned, we can say that from now on with WorldRemit we could have the sum (the funds) in place ...

à Holoundon. Car autrefois avec Western Union, fallait tonjours parcourir 521 km en rendant à Bertone. De plus l'on plest render compte ave ce micro projet que la taille du menage à Dion est en morjenne six(06) personnes : 137 × 6 = 822 habitants touchés.

Troisseine et dernière legon tirei, c'at su'il fant payfois se jete à llean san attendre tonjours que teur soit au fin prêt.

D/ Revoyedius d'avenir :

Multiplier les réange de pensibilization pour préve nir le coronavirus (COVID-13) day le formel et dans

conclusion :

Les habitants du village de Dienle touches oat été brien informés sur le mesures pour prévenir la maladre à coronavirus (Covid-13) er tous le breus out été destribués. Ainsi le projer a été realisé à plus de 100% er a abtenu la ratisfaction et la benediction de femmes or de hommes du village de Dienle

Hayou Epse Ambata Pascaline

... in Moloundou (before we go there to pick up the resources). Because otherwise we would have to travel 521 km. (in each direction) to go to Bertoua (to collect funds transferred from the U.S.). We have also realized that with 137 households and an average of six people per household, that we reached approximately 821 people. (Stephanie estimates that each household has more than six people, on average.)

The third and last lesson learned is that sometimes we just have to plunge into water, not waiting for everything to be ready (for conditions to be perfect).

D. Perspectives for the Future

To multiply the impact of our efforts to inform people and to prepare us all for COVID-19, it will be important to continue to meet with people formally and informally.

E. Conclusion

The residents of the village of Dioula who received these resources have been thoroughly informed concerning measures to prevent COVID-19, and all of the resources have been distributed. And so this project has achieved 100% of satisfaction and blessings of the women and men of the village of Dioula.

C'est pour moi un réel plaisir et un honneur de vous adresser mes sincères remerciements pour les dons de savons, et des masques envoyés par vous et distribués le 18 Avril 2020 aux 137 (cet trente sept) ménages de notre village dans le cadre de la lutte contre le corona virus. De plus les dons de riz, du sel de cuisine, de l'huile de table et du cube maggi apportés aux femmes et aux hommes de troisième âge, aux malades et aux handicapés moteurs ont été fortement appréciés. Ce geste me va tout droit au cœur et je le souligne d'un grand trait. Pendant trois mols beaucoup de paysans vont s'en servir.

Par ailleurs, je vous invite à soutenir davantage les efforts de nos filles, belles-filles, belles-sœurs et épouses membres de l'association Essoungue partenaire dans la lutte pour l'épanouissement des familles du village.

Veuillez agreer Chers membres Esonge-USA, l'expression de ma profonde consideration

Object: Letter of Gratitude

Dioula, 29 April 2020

To the Members of Esonge-USA in New York: Stephanie Rupp, Violet, Debby, Ilona, and Polly

Dear Members,

It is a real pleasure for me and it is an honor to present to you my sincere gratitude for the gifts of soap and hygienic masks that you have sent, and that we have distributed on the 18th of April, 2020 to 137 households of our village in the context of the battle against the coronavirus COVID-19. In addition, the gifts of rice, of kitchen salt, cooking oil and bullion cubes brought to women and men who are elderly, to sick people, and to the handicapped were all deeply appreciated. This gesture goes right to my heart and highlights your generous ways. During three months many people will use these gifts.

I invite you to continue to support our daughters, daughters-in-law, sisters-in-law, and wives – members of the Essoungue Association, and partners in the struggle for the development and blossoming of the families of our village.

Please accept, dear members of Esonge-USA, the expression of my profound gratitude.

His majesty Ndong Moïse

Chief of the Village of Dioula
